

# Surrounding Area Map and OS Map

Birch Tree court is located in an area with a mix of housing and industrial buildings including a sister building, Edwards Court within close proximity.

The area is bounded by three main Roads, one of which has tracks for a live tram service.

The GIS map below shows the sister court, 'Edwards' is located approximately 12m away from Birch Tree court therefore, any significant fire in Birch Tree Court could mean also evacuating Edwards Court following assessment by the Fire Service. The head office for WCHG is located just across the road and the Fire Station on Brownley Road which is only a 3-minute drive from the court and can be seen on the above and below map.
